Programming Language Concepts Study Guide

Josepeh Sepich Nov 13

Contents

Scope **3**

Symbol Table . . . 3

Static . . . 3

Dynamic . . . 3

Binding: Shallow vs Deep . . . 3

Links . . . 3

Lifetime **3**

Memory Storage **3**

Static . . . 3

Stack . . . 3

Heap . . . 3

Something else . . . 3

Tail Recursive Functions **3**

Definition . . . 3

Optimization . . . 3

Parameter Passing **3**

Call By Value . . . 3

Call By Value Return . . . 3

Call By Reference . . . 3

Call By Name . . . 3

Types **3**

Two's Complement . . . 3

Union Type . . . 3

Struct Type . . . 3

IEEE 32-bit Floating Point . . . 3

Type Systems **3**

Typing Rules 4

Proof Tree 4

Constraints 4
